

**You may take any courses on ChiroCredit.com/OnlineCE.com containing the following subject material, (online or teleseminars) for Chiropractic CE Credit in Washington**

(5) The commission approves the following subject material within the scope of practice for continuing chiropractic education credit:

- (a) Diagnosis and treatment of the spine or extremity articulations within the scope of practice;
- (b) X-ray/diagnostic imaging;
- (c) Adjustive technique;
- (d) Detection of a subluxation;
- (e) Physical examination;
- (f) Hygiene;
- (g) Symptomatology;
- (h) Neurology;
- (i) Pathology;
- (j) Orthopedics;
- (k) Patient/case management, documentation, coding;
- (l) Impairment within the scope of practice;
- (m) CPR (not to exceed a total of four hours);
- (n) Dietary and nutrition advice;
- (o) Chiropractic philosophy; and
- (p) Governmental regulations relevant to chiropractic and public health (not to exceed a total of twelve hours).

(6) As part of the continuing education, a chiropractor must obtain a one-time, three-hour training in suicide screening and referral from a qualified suicide prevention training program. The training must be completed during the first full reporting period after initial licensure.

(a) A qualified training program is empirically supported training in suicide screening and referral that is at least three hours in length and may be provided in one or more sessions.

(b) The hours spent completing a training program in suicide screening and referral under this section count toward meeting any applicable continuing education requirements.

(c) Effective July 1, 2017, in order to meet the suicide training requirements, a chiropractor must obtain the three-hour training in suicide screening and referral from a qualified suicide prevention training program identified on the department of health's model list as required under RCW [43.70.442](#).

**NOTE: ChiroCredit.com offers the three hour course** "Washington State Suicide Assessment and Referral" (found under our topic: Suicide Assessment) that has been approved by the Washington Department of Health as an approved training program for the mandated Suicide Assessment CE requirement and is listed on the Model List of suicide training for health professionals
